## CHANGE HEALTHCARE CYBER INCIDENT

Linked is a CISA Advisory and an article related to the Change Healthcare cyber incident. Much of the discussions are about how to mitigate this type of attack. In the meantime, here are a few things to prepare for:

- Gather your Center's Cyber Insurance policy documents and know the process for submitting a claim. Consider consulting your carrier early for advice on this situation.
- Review your contract with the vendor and understand their data breach notification requirements.
- Make sure your Incident Response Plans and Disaster Recovery plans are up to date.
- Be prepared to notify relevant authorities of the breach.
- Patch or close any vulnerabilities that have been discovered to be used in this attack.
